Ma Perkins

Oakington Ruby

**3
NEW ROSES
for
1953**

Ma Perkins Pat. Pending. All-America Floribunda Award Winner for 1953. Sweetly scented beautiful coral-salmon flowers growing in clusters, as well as singly throughout the season. It is also noteworthy because of the quality of the individual flowers, as well as the mass bloom. Price: \$2.25 each; 3 for \$6.00, postpaid.

Chrysler Imperial Patent Pending. The only Hybrid Tea Winner of All-America Award for 1953. An outstanding red Rose. Blossoms are vivid crimson-red opening from long tapering buds. It is an excellent grower and free blooming. Price: \$3.00 each; 3 for \$7.95, postpaid.

Oakington Ruby A real growing no more than twelve inches at maturity. Given the Award of Merit by the English Royal Horticultural Society. The buds are fully double, deep crimson opening to rich ruby-carmine, often 1 1/2 inches in diameter. Starts blooming in May and continues until late autumn. Free-flowering. Price: \$1.25 each; 3 for \$3.30, postpaid.

Chrysler Imperial

MALONEY BROS. NURSERY CO., Inc.
ESTABLISHED DANSVILLE, NEW YORK 1884

UNUSUAL Garden Trophies

Forsythia Lynwood Gold

New Forsythia originating in Ireland. Branches are erect and covered with golden yellow flowers from top to bottom, very full and not affected by the weather. Excellent for cutting and flowering in the house during the winter months. 5-7 ft. at maturity. Price: 2-3 ft., \$2.00 each, postpaid.

THE MAGIC LILY

Amaryllis Halli

One of the most fascinating bulbs in existence. It is a pleasant surprise in early autumn, when heavy stalks at least 2 feet high bear large Lily-like flowers of pink with a lilac cast. Particularly attractive when planted in a bed with low growing ground covers. Price: 60c each; 3 for \$1.65; 6 for \$2.70, postpaid.

Tree Wisteria

Long racemes of pea-shaped, orchid flowers in late June in great quantities on graceful, drooping branches. Fine for lawn or border. Maturity height 6-8 ft. Price: 2½-3 ft., \$8.00 each, not postpaid.

Tree Roses

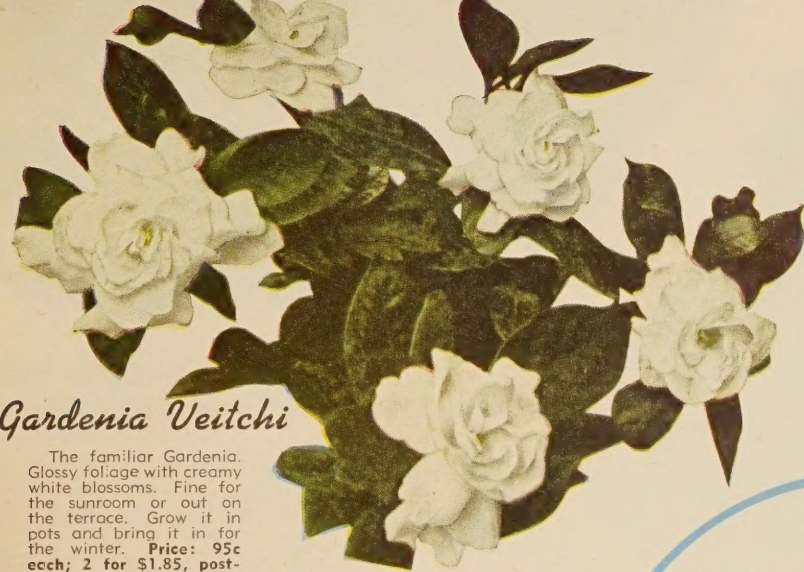

For newness in your garden, this aristocrat of the Rose world rises above all others on one straight stem, creating a panorama of beauty within easy picking reach. They grow as tall as you are and bloom profusely the first year, producing a quality of bloom which is more beautiful than the regu-

lar Hybrid Teas. They bloom from June till frost and do not require any special soil. Full instructions for planting sent with each order.

VARIETIES: MRS. P. S. DU PONT, Yellow; HADLEY, Red; PINK DAWN, Pink; PRESIDENT HOOVER, Two-tone. Price: \$5.50 each; 2 for \$10.00, postpaid.

Gardenia Veitchi

The familiar Gardenia. Glossy foliage with creamy white blossoms. Fine for the sunroom or out on the terrace. Grow it in pots and bring it in for the winter. **Price: 95c each; 2 for \$1.85, postpaid.**

Cydonia Spitfire

(Plant Pat. No. 830)

A New Upright Cydonia

A fine early flowering shrub, perfect for hedges and single specimens. The flowers are large and deepest crimson-red, borne on upright stems from the ground up. It achieves a height of about 6 to 7 feet when mature, but can be held down to 4 or 5 feet by "topping" once a year. Has a maximum spread of 2 ft. **Price: 2-yr. plants, 18-24 in., \$3.00 each; 3 for \$8.50, postpaid.**

Tree Peonies

A small investment when you consider the phenomenally attractive garden beautifier. A profusion of blooms, fully double. Grows on an upright, large tree 3-5 ft. tall. The plants do not die back or require any special attention. Buy early for good selection. **Price: \$7.50 each, not postpaid.**

Hypericum Hidcote

A new variety originating in England. The flowers are a bright yellow, cuplike in shape, starting in June and continuing throughout the summer, very fragrant, about 2 inches in diameter. Maturity height approximately 4 ft. **Price: 18-24 in., \$2.00 each, postpaid.**

Dwarf Blue Leaf Arctic Willow

(Salix Purpurea Nana)

An unusual low-growing Willow excellently suited for edgings. Will grow anywhere in wet or heavy soils where other plants will not do well. Very hardy and easy to grow. The foliage is a lovely gray-blue-green and can be clipped for formal effects or left natural as desired. **Price: 9-15 in., 10 for \$5.00; 25 for \$11.25; 50 for \$20.00, postpaid.**

ROSES
OF
DISTINCTION

Loveliness in Every Garden

Helen Traubel Hybrid Tea. Pat. No. 1028. Color varies with the weather, sometimes a light, sparkling pink, more often a luminous apricot. Its unusually large and long buds are magnificent. **Price: \$2.75 each; 3 for \$7.20, postpaid.**

Fashion Pat. No. 789. 1950 All-America Winner. Fashion is definitely the finest Floribunda Rose ever created. Coral-pink suffused with gold. The blooms persist without interruption from June until frost. **Price: \$2.00 each; 3 for \$5.25, postpaid.**

Fred Howard Pat. No. 1006. A big new Hybrid Tea Rose. Its 50-petaled, fully double, buff-yellow blooms are often flushed with pink at the edges of the petals. It makes splendid cut flowers. **Price: \$2.50 each; 3 for \$6.60, postpaid.**

Peace Hybrid Tea. Pat. No. 591. An unbelievably beautiful Rose. Pale yellow etched pink. Color changes from pale yellow to iridescent cream. Petals are edged with pink. **Price: \$2.50 each; 3 for \$6.60, postpaid.**

Crimson Glory Hybrid Tea. Pat. No. 105. Velvety flowers of an intense deep vivid crimson shaded oxblood-red. Large flowers on a well-shaped, compact bush. **Price: \$1.75 each; 3 for \$4.65, postpaid.**

Crimson Glory

Peace

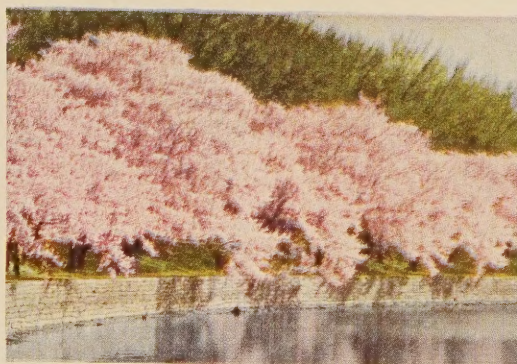

Decorative and Flowering Trees

PRUNUS NEWPORT

Small growing tree which retains its purple foliage during the summer and has small red fruits in late summer. Maturity height 12-15 ft. Price: 4-5 ft., \$2.25 each; 5-6 ft., \$2.50 each, not postpaid.

YOSHINO CHERRY

The fame of Washington Cherries has increased year by year. People make pilgrimages from distant states to see them. Maturity height 25 ft. Price: 5-6 ft., \$3.50 each, not postpaid.

EUROPEAN MOUNTAIN ASH

(Sorbus Aucuparia)

A very ornamental small tree, with fine bluish green compound leaves and greenish gray bark. Freely produces creamy white flowers in flat clusters, followed by bright scarlet berries which endure for months. Use as a specimen or for accent in borders. Maturity height 25-30 ft. Price: 6-8 ft., \$4.95 each; 8-10 ft., \$5.95 each, not postpaid.

Free Gifts—See Page 10

SAUCER MAGNOLIA

(Magnolia Soulangeana)

A long-time favorite, this prolific bloomer produces fragrant cup-shaped blossoms 3 to 5 inches across, white inside and rosy violet outside. Maturity height 20 ft. Price: 2-3 ft., B&B, \$4.95 each, not postpaid.

PURPLE BEECH

(Fagus Sylvatica Var.)

A beautiful, graceful tree with purplish foliage; long lived. Excellent shade tree. Maturity height 40-50 ft. Price: 2-3 ft., \$4.50 each, not postpaid.

Lawn Trees for any Home

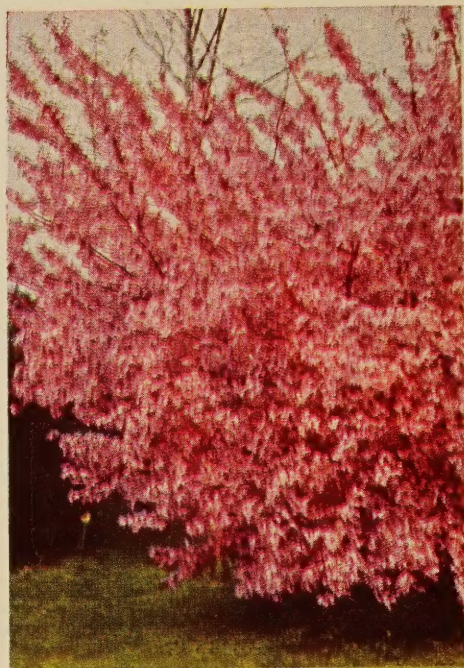

← CRIMSON KING MAPLE

(Acer Platanoides Var.)

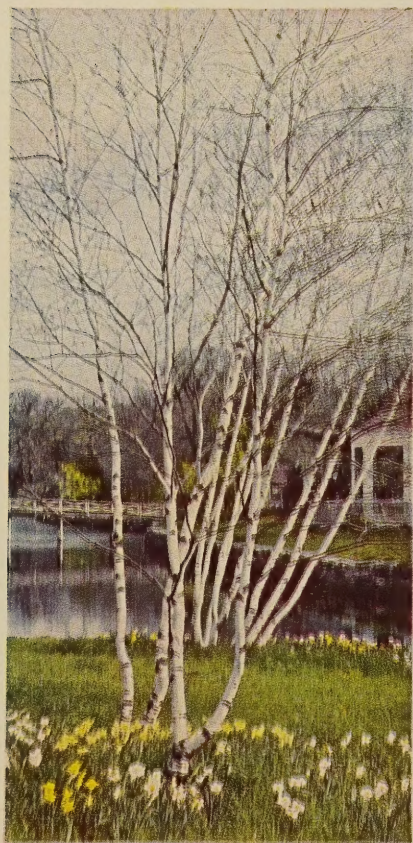

New. Red leaf, truly the King of all Maple trees. A maroon or red-leaved tree which maintains its color throughout the summer. It glis- tens in the sun. Ma- turity height 50 ft. Pat. No. 735. **Price:** 4-5 ft., \$4.95 each. 5-6 ft., \$5.95 each, not postpaid.

*Our
69th
Year*

← HOPA CRAB (Malus)

A vision of beauty with its rosy red flowers, red fruit and attractive purple foliage. Ma- turity height 20 ft. **Price:** 4-5 ft., \$2.25 each. 5-6 ft., \$2.50 each, not postpaid.

← CLUMP BIRCH

(Betula Populifolia)

A picturesque tree with sev- eral trunks growing from one root. When tree is mature the bark is white and the leaves a lovely green. Lends a woody touch to your garden. Maturity height 40 ft. **Price:** 3-4 ft., \$2.50 each, not postpaid.

Actual Proof of Maloney Quality

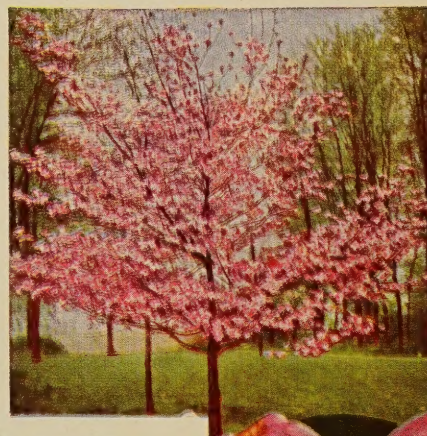

Londonville, Ohio
July 24th, 1952

Gentlemen:

Late this spring I pur- chased 7 trees from you people. To date these trees are doing fine. I have never received any nicer trunked trees in my life. They certainly have made a good im- pression in the neigh- borhood.

I would like to pur- chase about 10 more trees as well as some shrubbery.

R. D. Molter

RED FLOWERING DOGWOOD

(Cornus Florida Rubra)

Flowering Dogwood berries and fall foliage offer a dis- play nearly as colorful as the bloom of spring. Grows to 20 ft. tall; red-pink flowers in spring, leaves red in autumn. **Price:** 2-3 ft., 8&B, \$4.75 each, not postpaid.

WHITE FLOWERING DOGWOOD

(Cornus Florida)

Flowers white, produced in spring before leaves appear. Foliage glossy, grayish green, turning to deep red in autumn. Maturity height 20 ft. **Price:** 3-4 ft., \$2.25 each, not postpaid.

GOOD for SHADE and GARDEN GRANDEUR

WEeping WILLOW (*Salix Babylonica*). Well known variety, excellent near water. A large, round-headed graceful tree. Maturity height 55 ft. **Price:** 4-5 ft., \$1.50 each; 3 for \$4.20. 5-6 ft., \$2.00 each; 3 for \$5.70, not postpaid.

CHINESE ELM (*Ulmus Parvifolia*). Very rapid grower, normally growing 5 feet a year. Resembles Norway Maple in shape. Excellent for windbreak. Maturity height 75 ft. **Price:** 6-8 ft., \$3.25 each, 2 for \$6.00. 8-10 ft., \$4.25 each; 2 for \$8.00, not postpaid.

ROSE TREE OF CHINA (*Prunus Tri-loba*). Lovely pink flowers on every twig, in the early spring even before the leaves appear. It blooms in May and attains a height of around 10 ft. **Price:** 4-5 ft., \$3.25 each. 5-6 ft., \$3.95 each, not postpaid.

SCHWEDLER MAPLE (*Acer Platanoides Schwedleri*). This attractive Maple has reddish purple foliage in early spring changing to deep bronze. Equally good as lawn or street tree. Maturity height 40-50 ft. **Price:** 6-8 ft., \$5.00 each, not postpaid.

CUT-LEAF WEEPING BIRCH (*Betula Alba Laciniata*). An excellent lawn specimen, strikingly beautiful with its graceful drooping branches, dainty lacelike foliage and characteristic white bark. Maturity height 40 ft. **Price:** 5-6 ft., \$3.95 each, not postpaid.

PAUL'S SCARLET THORN (*Crataegus Oxyacantha Paulii*). Flowers deep crimson-red; very double. Showy in fruit as well as bloom. Maturity height 20 ft. **Price:** 5-6 ft., \$3.95 each, not postpaid.

NORWAY MAPLE (*Acer Platanoides*). Large, handsome, desirable for street or lawn. Most widely used shade tree. Maturity height 50 ft. **Price:** 6-8 ft., \$4.50 each; 2 for \$8.50. 8-10 ft., \$5.75 each; 2 for \$11.00, not postpaid.

LOMBARDY POPLAR (*Populus Nigra Italica*). Tall, spire-like, desirable for boundary lines or driveway entrances. Maturity height 70 ft. **Price:** 6-8 ft., \$1.25 each; 3 for \$3.45. 8-10 ft., \$1.60 each; 3 for \$4.50, not postpaid.

POPLAR HEDGE. These Lombardy Poplar trees may be kept trimmed, causing the trees to branch from the ground. When planted 1 ft. apart will make a dense wall. **Price:** 1-yr. plants, 2-3 ft., 10 for \$4.00; 25 for \$8.75; 50 for \$15.00, not postpaid.

GOOD LAWN TREES (Not Pictured)

JUDAS TREE (*Cercis Canadensis*). Also called Red-bud; produces rosy purple flowers in April-May before the heart-shaped leaves appear. Maturity height of approximately 25 ft. **Price:** 4-5 ft., \$1.75 each, not postpaid.

REDFIELD CRAB. For lawn and ornamental planting. Has large and very dark pink flowers. Fruit medium size, dark deep solid red color with deep red flesh. Foliage dark with a reddish green tinge early in the season. Maturity height 14 ft. **Price:** 5-6 ft., \$2.50 each, not postpaid.

SILVER MAPLE (*Acer Saccharinum*). Foliage bright green above, silvery beneath. Rapid grower. Maturity height 70 ft. **Price:** 6-8 ft., \$3.25 each; 3 for \$9.00, not postpaid.

TULIP TREE (*Liriodendron Tulipifera*). Tall, pyramidal, with broad, glossy leaves. Tulip-like flowers. Maturity height 80 ft. **Price:** 5-6 ft., \$2.00 each, not postpaid.

WHITE BIRCH (*Betula Papyrifera*). Creamy white bark, effective against a background of evergreens. Maturity height 40 ft. **Price:** 4-5 ft. branched, \$1.95 each, not postpaid.

MALONEY'S

General Catalog Nursery Products

BUY BY MAIL

OUR 69th YEAR

So Easy To Order BY MAIL!

TERMS: Cash with order is required or stock will be shipped C.O.D.

C.O.D.: Send 25% of total price with C.O.D. orders. Pay balance on arrival to your express agent or (if freight) to your freight agent.

How to Remit: By personal check, express money order, post office money order, bank draft or cash in a registered letter. PLEASE DO NOT SEND STAMPS.

Shipping Season. We ship at the time best suited to your locality. If you desire your stock shipped on a special date, please so state on order blank. We can not guarantee orders to arrive on any certain day. All stock dormant when shipped.

Order Early: This enables us to assemble your order while supply is unbroken and set aside for shipment at the proper time.

Maloney's include a postpaid envelope which needs no postage. Be sure and use this convenient mailing form.

Size of Orders: We cannot accept orders for less than \$2.00 under present conditions.

This catalog cancels any prices prior to now.

Mailing List: Write us of any change in your home address.

Warranty: No caution could be more exacting than ours. We will, with proper proof, replace free all trees, etc., that may prove untrue to label, or refund the price paid.

OUR REFERENCES: Security Trust Company, Dansville Branch; Genesee Valley National Bank & Trust Co., Genesee, N. Y.; Dun & Bradstreet Commercial Agency, New York City.

INSPECTION: Our nurseries are inspected yearly by an authorized State Inspector and a copy of our certificate received from the Department of Agriculture and Markets, Albany, N. Y., accompanies each shipment.

WE PAY POSTAGE

Most items in this catalog are delivered to your door postpaid. Items that are too large to go by parcel post are sent to you by express, and you pay the express charges.

We are members of the American Association of Nurserymen, New York State Nurserymen's Association and National Mail Order Nurserymen's Association.

FREE GIFTS FOR ORDERING EARLY

THESE VALUABLE GIFTS ARE FREE! You can have them, at no cost to you, if you will send your nursery order to us by April 1st. You see, when orders are sent to us early, it is easier for us to give better selections and plan for shipment at just the right time for planting.

This is all you have to do:

On nursery orders of \$5.00 to \$10.00 select one of the 8 free gifts.

On orders of \$10.00 to \$20.00 select two gifts, alike or different.

On orders of \$20.00 or more select three gifts, alike or different.

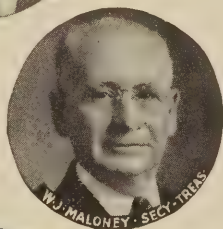

YOU MAY SELECT GIFTS AS FOLLOWS:

- No. 1. 1 Everblooming Rose, worth \$1.35 each.
- No. 2. 1 Beautiful, blooming size shrub. Your choice of one of the following: Fortune Forsythia (Forsythia Fortunei), Tatarian Honeysuckle (Lonicera Tatarica Rubra), Lemoine's Deutzia (Deutzia Lemoinei), worth \$1.10 each.
- No. 3. 6 Tuberous Rooted Begonias, worth \$1.10.
- No. 4. 25 Gladiolus Bulbs, special mixture, worth \$1.95.
- No. 5. 3 Perennials, 2-yr., field-grown: Aster Novi Belgi, Statice Latifolia (Sea Lavender), Campanula Persicifolia (Peach Leaf Bellflower), worth \$1.20.
- No. 6. 25 Premier Strawberry plants, worth \$1.15.
- No. 7. 1 2-yr., large, standard size fruit tree, worth \$1.95 to \$2.55 each.
- No. 8. 10 Latham Red Raspberries, worth \$2.75.

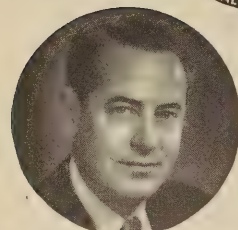

Gifts must be taken as nursery stock and NOT as a cash deduction. Your selection of gifts MUST BE WRITTEN ON YOUR ORDER or the gifts will not be sent, even if you notify us later. We reserve the privilege of substituting different gifts of equal or greater value should we run short of some items.

EVERGREENS

Buy Maloney's Selected Varieties

Dwarf Japanese Yew

DWARF JAPANESE YEW

(Taxus Cuspidata Brevifolia)

A dwarf, slow growing, spreading shrub with short, richly dark green foliage. Good in shady areas and in the foreground of foundation plantings. Maturity height 2 ft.

12-15 in. (heavy transplants) \$3.50 each
15-18 in. 4.25 each
Not Postpaid

GLOBE ARBOR-VITAE

(Thuja Occidentalis Globosa)

Dwarf and globe-shaped with a 3-ft. spread. Excellent for edging in foundation plantings and for "facing down."

12-15 in. (heavy transplants) \$2.50 each, not postpaid
15-18 in. 3.25 each, not postpaid
18-24 in. 3.95 each, not postpaid

PYRAMIDAL ARBOR-VITAE

(Thuja Occidentalis Pyramidalis)

A densely columnar type, compact and erect with deep green foliage. Useful for corners and on either side of doorways in foundation plantings. Maturity height 8 ft.

12-15 in. (heavy transplants), \$2.25 each, not postpaid.

18-24 in., \$3.95 each, not postpaid.

2-3 ft., \$4.75 each, not postpaid.

Andorra Juniper

SAVIN'S JUNIPER

(Juniperus Sabina)

A spreading vase-shaped shrub with handsome plume-like branches and dark green foliage. Grows well on limestone soil. Has a 4-5 ft. spread.

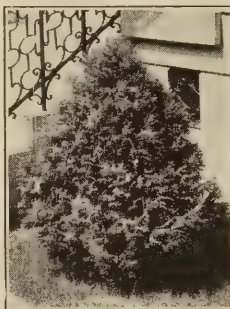

12-15 in. (heavy transplants), \$2.25 each, not postpaid.

15-18 in., \$3.50 each, not postpaid.

18-24 in., \$4.50 each, not postpaid.

Savin's Juniper

SAWARA CYPRESS

(Chamaecyparis Pisifera Plumosa Aurea)

Also known as Retinospora, has dense conical habit, green and yellow foliage on almost erect branches with feathery branchlets. Maturity height 4-5 ft.

15-18 in. \$3.25 each, not postpaid

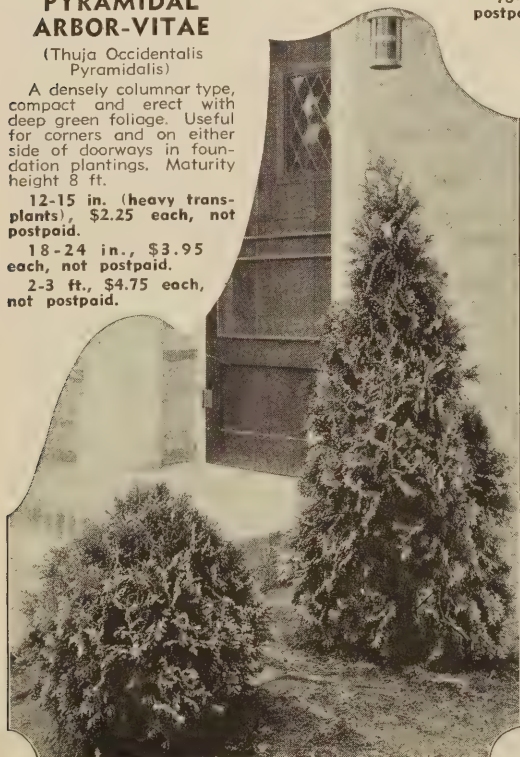

Hicks' Yew

HICKS' YEW

(Taxus Media Hicksi)

Beautiful, dense, columnar form; bright red berries in the fall. Heavily sheared for specimens. For use in shady places and for foundation planting. Maturity height 5 ft.

12-15 in. (heavy transplants) \$3.50 each, not postpaid
15-18 in. 4.25 each, not postpaid

Globe Arbor-Vitae

Pyramidal Arbor-Vitae

ALL Evergreens

are taken up expertly to secure the tender roots and balled and burlapped in wet moss. This eliminates fifty to sixty pounds of soil, making low cost express shipments possible, insuring excellent growth and quicker root action. In planting, remove burlap and use peat moss in hole around roots.

NOTE: All evergreens are shipped separate from other stock.

ANDORRA JUNIPER

(Juniperus Horizontalis Plumosa)

Medium dark green foliage, arching branches. Ground cover; for rock garden or foundation. 6-ft. spread.

15-18 in. \$3.95 each, not postpaid

AMERICAN ARBOR-VITAE

(Thuja Occidentalis Nigra)

A pyramidal tree with dense frondlike foliage. Good for hedging since it responds nicely to shearing. Also used widely in foundation plantings, and as lawn specimen. Will grow tall but can easily be controlled by pruning.

15-18 in., \$1.95 each, not postpaid.

18-24 in., \$3.00 each, not postpaid.

JAPANESE YEW

(Taxus Cuspidata)

The aristocrat of all Evergreens. Compact, upright spreading variety; dark green foliage; scarlet berries in autumn. For use in shady areas and for foundation planting. Can be trimmed or will grow to have 4-ft. spread.

12-15 in. (heavy transplants) ... \$3.50 each, not postpaid

15-18 in. 4.25 each, not postpaid

Boxwood

DWARF BOXWOOD

(Buxus Suffruticosa)

For Edging

Dwarf-growing, hardy Boxwood with attractive foliage. Can be kept to 12-15 in. in height.

6-8 in. \$1.25 each, postpaid

NOT ILLUSTRATED

HALLORAN YEW

(Taxus Media Halloran)

Fine bushy type upright Yew. A compact heavy grower, very hardy, has red berries in fall.

18-24 in. \$5.25 each, not postpaid

RHODODENDRON MAXIMUM

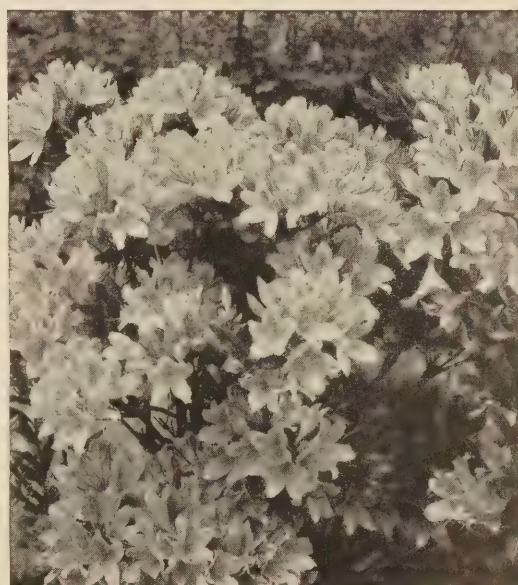

A Fine Evergreen Shrub for Shady Spots

Glossy green leaves with large pinkish flowers the size of Peonies in May. Fine to mix with needle-type evergreens. These sturdy, well developed, branched plants are the best we've ever had to offer. They are field-grown and have excellent root systems. Are not "spindly" and "leggy" in habit. Price: 12-18 in., \$3.00 each; 3 for \$7.50, not postpaid.

Azalea Mollis

Waxen blooms completely cover over the 3- to 4-ft. shrub in May and June in rich shades of salmon, orange. Cover in northern sections in winter the same as Roses. Water in dry weather.

Price: 12-15 in., \$2.70 each, postpaid.

Vines

**HARDY
CLIMBING**
*Nature's
Beautiful Draperies*

New Crimson Star Clematis

For Protective Shade and Flowering Beauty

All vines 2-year, No. 1

NELLY MOSER CLEMATIS (Clematis Lanuginosa, "Nelly Moser"). This excellent vine is a vigorous and profuse bloomer. Pale mauve petals with red bars. Price: \$1.65 each, postpaid.

PURPLE WISTERIA. Grafted. Leaves are fern-like, in long fronds. Flowers appear in May or June as dense, drooping racemes a foot or more long, of pealike florets. Price: \$1.50 each, postpaid.

TRUMPET VINE (Bignonia Radicans). The bright scarlet trumpet-shaped flowers are most attractive; very good foliage. Price: 75c each; 3 for \$2.10, postpaid.

HALL'S FRAGRANT HONEYSUCKLE (Lonicera Japonica Halliana). Strong growing vine, ideal for fence, trellis, pillar, etc., and particularly good for covering banks. Fragrant yellow and white flowers. Price: 75c each; 3 for \$2.10, postpaid.

BITTERSWEET (Celastrus Scandens). The orange-crimson fruits are used for winter decoration. Leaves are glossy green. Price: 75c each; 3 for \$2.00, postpaid.

BOSTON IVY (Parthenocissus Tricuspidata). Clings to any surface, glossy green leaves; thrives in sun or shade, rapid grower. Price: 95c each; 3 for \$2.75, postpaid.

ENGLISH IVY (Hedera Helix). Foliage dark glossy green. Evergreen. Clings to stone walls. Price: 95c each; 3 for \$2.75, postpaid.

EUONYMUS RADICANS. Evergreen vine with narrow green leaves, purple in the fall. For covering rocky banks, rough walls, tree trunks, etc. Price: \$1.25 each; 3 for \$3.45, postpaid.

GOLDFLAME HONEYSUCKLE (Lonicera). New. Immense showy clusters of trumpet-shaped buds and fragrant blooms. Outside of petals is brilliant flame-pink while inside is creamy golden yellow. 15 to 20 ft. at maturity. June until frost. Price: 95c each; 3 for \$2.75, postpaid.

JACKMAN CLEMATIS (Clematis Jackmani). Flowers are large, rich, velvety violet-purple, a color not shown in any other vine. They are produced in masses forming a cloud of bloom. Price: \$1.35 each; 3 for \$3.90, postpaid.

Wisteria

NEW CRIMSON STAR CLEMATIS. A truly large-flowering Red Clematis of the Jackmani type. More and larger blooms on vines of unusual vigor. Price: \$1.50 each; 3 for \$4.20, postpaid.

SWEET AUTUMN CLEMATIS (Clematis Paniculata). Rapid grower, glossy foliage. Flowers are of medium size, fragrant, pure white, borne in immense sheets in September. Price: 95c each; 3 for \$2.75, postpaid.

WINTERCREEPER (Euonymus Radicans Vegetus). Shrubby base with strong, robust climbers that bear a profusion of orange-red berries in fall and winter. Price: \$1.25 each; 3 for \$3.45, postpaid.

SILVER LACE VINE (Polygonum Auberti). Will rapidly grow 20 feet or more. Forms cloud of lacy, misty white, shot with tints of cream and pale rose. Green foliage, lightly bronzed at tips. Price: \$1.15 each; 2 for \$2.25, postpaid.

SOMETHING DIFFERENT for YOUR GARDEN

Multiflora Rose Hedge

THE LIVING FENCE

For Country and Suburban Home Grounds

Dense Foliage No Person or Animal Can Get Through

Grows thick, thorny, dense and anywhere. Excellent for wild birds. Plant 1 ft. apart. Not recommended for small properties. Grows to 9 ft. in height. **Price:** 3-4 M., (budding grade), our excellent planting size, 25 for \$3.75; 50 for \$6.50; 100 for \$11.95; 250 for \$27.50; 500 for \$50.00; 1000 for \$90.00, postpaid.

Plant a Multiflora Protective Rose Hedge

NEW VARIEGATED LEAF MAPLE (Leopoldi)

We believe this new shade tree to be one of the most beautiful in existence today. It will do well anywhere ordinary Maples will grow and will attain a maximum height of about 30 ft. It is round headed and makes a wonderful shade tree. **Price:** 6 ft., \$5.25 each, not postpaid.

AMERICAN WONDER LEMON

Dwarf Lemon

Now you can grow Lemons indoors on the most unique plants ever offered for indoor culture. Covered with waxy white flowers several times a year followed by large Lemons often weighing a pound. **Price:** Strong plants from 2 1/4-in. pots, 95c each; 2 for \$1.80, postpaid.

MORAINE LOCUST—New

Fast Growing—Long Lived—Seedless

This beautiful new form of Locust, which is almost entirely free from thorns, is a vigorous and rapid grower. It will create light, airy shade quickly with its canopy of lacelike foliage. Free from insect pests, hardy and long lived. **Price:** 5-6 ft., \$6.00 each, not postpaid.

Hardy Orchid

HARDY ORCHID

(Bletilla Hyacinthina)

This Chinese terrestrial Orchid is new and unusual but has been thoroughly tested. It has several 12-in. stems bearing up to six beautiful flowers and can be grown with average garden care—they will grow in full sun, but do their best in partial shade. We recommend the addition of peat moss or leaf mould and mulching in northernmost latitudes. This plant is also an interesting pot subject and can be brought inside and "forced" into bloom and then planted outside to naturalize. **Price:** Flowering size, 60c each; 3 for \$1.50, postpaid.

Moraine Locust

Gladiolus-**LONG SPIKED**

Not less than 5 of a variety. No. 1 large size bulbs. **Price:** 10 bulbs, \$1.00; 25 bulbs, \$2.25; 50 bulbs, \$3.95; 100 bulbs, \$6.95, **postpaid**.

NOTE.—All Gladiolus bulbs are sent separate from other stock by parcel post.

BLACK OPAL. Sensational, very dark red. 8-10 open on a long flower head. Fine show flowers.

BLUE BEAUTY. One of the heaviest and largest of the medium blues. Very healthy.

CHAMOUNY. Tall, dark rose bordered with silver. Opens 8 to 10 medium sized florets. Color strikingly beautiful.

ELIZABETH THE QUEEN. Illustrated. The best and most beautiful lavender. Not exceptionally tall but fancy even when short. Opens 7 to 8 needle-pointed florets on an 18-bud spike.

GOLD DUST. Illustrated. A very early, deep yellow. Quite tall and an excellent commercial variety. Fine for home gardens.

JUNE BELLS. One of the best of the new whites from Holland. A good vigorous grower producing tall spikes of pure white. Large flowers and many open.

LAVENDER PRINCE. Illustrated. Deep lavender-mauve that takes in real hot weather. Very strong grower.

LEADING LADY. Illustrated. Most popular Picardy sport. Leading white. Creamy white with no markings. Excellent grower.

ORANGE GOLD. Color is dazzling orange with flame throat marking. Doesn't burn in hot sun.

PANDORA. Illustrated. Clear, soft geranium-pink with somewhat darker lines in throat. 8-10 open on a medium height plant. It makes an excellent cut flower and will win ribbons at the shows.

Plant at 10 Day Intervals for a Succession of Blooms All Summer

PICARDY. Illustrated. Most popular variety grown. Very tall salmon-pink.

RED CHARM. Illustrated. An outstanding red. Will open 10 on a tall, well-built plant.

TRUE LOVE. Early, clear pink. 22-inch flower head. A good grower with a well-balanced spike. A good commercial variety.

VULCAN. Deep glistening maroon. Excellent grower.

YELLOW HERALD. Very early clear yellow with large florets and many open. It blooms in about 60 days and is an exceptional bloom for so early a variety.

The following are at these prices: 2 for \$1.00; 5 for \$2.25; 10 for \$4.00, postpaid.

HEART'S DESIRE. A superbly beautiful light creamy pink with very heavily ruffled florets. 6-8 large, lacy flowers open on tall spikes with good flower heads. One of the best of the newer ones.

RED WING. Rich, vibrant red with 6-8 florets open on a 20-22 bud spike. Flower head is 32 inches, with 5½- to 6-in. florets. It opens clean to the tip when cut. Bulblet germination and propagation are excellent.

Another Satisfied Customer

Kenoza Lake, N. Y.,
June 1.

Dear Sirs:

I wish to report to you that the fine, healthy nursery stock you sent me is growing nicely. In fact, it pleased me so much that I am recommending you to my neighbors. The packing was simply **out of this world**, and having dealt with good firms I know good packing.

Thanking you for the fine quality of your stock.

OSCAR E. SCHMINKE.

LILIES

They Bring a New
Fragrance to the
Garden

Philippine Lily

NEW OLYMPIC HYBRID

This magnificent new hardy Lily is probably the finest garden Lily available. It is characterized by its great vigor, freedom of bloom, large size, beauty of flowers, fragrance and graceful form. The flowers vary in color, some are delicate pink, others cool green, some almost white and others are various shades of yellow. 4-6 ft. at maturity. **Price: 75c each; 3 for \$1.95; 6 for \$3.60, postpaid.**

Rubrum Lily

PHILIPPINE LILY

A magnificent variety with which to close out the Lily season. It starts blooming in late summer and continues right up to frost. The lovely white flowers are large, 7 to 8 inches long, and delightful in fragrance. Strong stems will reach a height of 4-6 ft. **Price: 60c each; 3 for \$1.65; 6 for \$3.00, postpaid.**

RUBRUM LILY

The flowers of this lovely Lily are bright pink edged white with small maroon spots. It is perfectly hardy and will bloom this summer, increasing in beauty each passing year. Strong stems will reach a height of 3-4 ft. **Price: 60c each; 3 for \$1.65; 6 for \$3.00, postpaid.**

ORANGE TRIUMPH

A new Lily, hardy and thrives anywhere. Flowers are upright and large and of a glowing orange-tinted pink color. Blooms are in clusters on strong 2-3 ft. stems in July and August. Will bloom this summer. **Price: 60c each; 3 for \$1.65; 6 for \$3.00, postpaid.**

The Shade Loving TUBEROUS ROOTED BEGONIAS

These double Camellia-type Begonias are particularly recommended for northern exposure or places lacking sun. Offered in a fine mixture of various colors. The lovely waxlike, large blossoms resemble the ever-popular Camellias.

Exceptionally fine for flower arrangements. These uncommon flowers grow from bulbs planted in the spring; they are a welcome house plant when potted. **Price: 6 for \$1.10; 12 for \$1.90; 24 for \$3.60, postpaid.**

HOW TO ORDER—See Page 10

Maloney's Flowering Shrubs

FORSYTHIA, "SPRING GLORY"

New. A brilliant new Forsythia which is really a magnificent sight to behold when mature and in full bloom—branches completely covered with larger than average flowers. Canes grow erect with gracefully drooping tips giving the effect of a giant sunburst. Very hardy in all sections of the country and thrives and grows vigorously in all soil. 6-8 ft. at maturity. Price: 2-yr., blooming size plants, 18-24 in., 95c each; 3 for \$2.70. 2-3 ft., \$1.15 each; 3 for \$3.25, postpaid.

RED JAPANESE QUINCE

(Cydonia Japonica)
Completely covered with scarlet flowers during May. 3-4 ft. at maturity. Price: 2-yr., blooming size plants, 15-18 in., 85c each; 3 for \$2.40. 18-24 in., 95c each; 3 for \$2.70, postpaid.

PEEGEE HYDRANGEA Shrub Form

Hardy, ivory changing to pink. August. 4-5 ft. at maturity. Price: 2-yr., blooming size plants, 15-18 in., 85c each; 3 for \$2.40. 18-24 in., 95c each; 3 for \$2.70, postpaid.

TATARIAN HONEYSUCKLE

(Lonicera Tatarica Rubra)

Light red flowers; covered in summer and autumn with scarlet berries. May. 6-8 ft. at maturity. Used for hedging. Price: 2-yr., blooming size plants, 18-24 in., 95c each; 3 for \$2.70. 2-3 ft., \$1.15 each; 3 for \$3.25; postpaid.

HARDY HOLLY

(Ilex Verticillata)

An unusually fine native plant having attractive green foliage followed by highly ornamental red berries in fall. A beautiful plant to mix in with evergreens or use as a shrub border. Prefers moist, acid soil. Does well in North. Price: 18-24 in., \$1.50 each, postpaid.

4 GOOD BUDDLEIAS BUTTERFLY BUSH

BUDDLEIA, EMPIRE BLUE. Aster-blue with a delicate lilac tone, the whole effect being an exquisite shade of blue. 4-6 ft. at maturity. Price: 2-yr., blooming size plants, \$1.25 each; 2 for \$2.40, postpaid.

BUDDLEIA, DUBONNET. New. The color is an intriguing shade of rich grape-purple. The firm, cylindrical spikes are snugly set with individual flowers of good size that do not sunburn. The plant is erect with strong stems, the leaves are large and of firm, leathery texture. 4-6 ft. at maturity. Price: 2-yr., blooming size plants, 18-24 in., 95c each; 3 for \$2.70. 2-3 ft., \$1.15 each; 3 for \$3.25, postpaid.

BUDDLEIA, RED GLORY. Brightest red Buddleia of them all. Ideal for cut-flower purposes. Very hardy, producing blooms from July until frost. 4-6 ft. at maturity. Price: 2-yr., blooming size plants, \$1.25 each; 2 for \$2.40, postpaid.

BUDDLEIA, WHITE CLOUD. Not over three ft. high and about the same in diameter, forming a green mound studded with short stemmed flower spikes with pure white blooms. Early August until October. Price: 2-yr. No. 1 plants, \$1.25 each; 2 for \$2.40, postpaid.

HILLS OF SNOW

(Hydrangea A. G.)

Blooms very large, pure snow-white in July and August. 4-5 ft. at maturity. Price: 2-yr., blooming size plants, 18-24 in., \$1.00 each; 3 for \$2.85, postpaid.

*A New Peach Tree with Fine Fruit and Red Foliage.
A Good Ornamental Lawn Tree.*

Beautiful bright red foliage appears in the early spring and changes to deep maroon in the fall. Very deep rose blossoms contrast magnificently with the colorful foliage. The tree produces a crop of small, perfectly round Peaches about 1 1/2 in. in diameter. The flesh is white and has a sweet flavor, the fruit over-all red color. **Price: 4-5 ft., \$2.25 each; 2 for \$3.95, postpaid.**

Richly-Flavored PEARS

Low Headed—Strong Rooted Varieties

Fancy BARTLETT PEARS

Always "Top" the Market

One or two Bartlett Pear Trees planted in the home garden will furnish a considerable amount of fruit that is A-1 in quality and quantity, and tops for either cooking or eating. It is recognized as the leading commercial Pear. Large, yellow, waxy, rich and juicy; tree hardy, regular and heavy bearer. Early October.

All of our Pear and Plum varieties propagated and now growing in Maloney Brothers Nursery, Dansville, New York, have been examined by the Massachusetts Trueness-to-Name Inspection Service. To the best of our knowledge, these trees are true-to-name as they now stand in the nursery row. A. P. French

NEW MAX-RED PEAR

(Patent No. 741)

A red sport of Bartlett with all the desirable qualities of Bartlett plus an attractive red color and 10% more sugar by actual test! As the color does not carry through into the flesh, this excellent canning Pear is being widely planted for commercial canning. In hardness, Max-Red is comparable to Bartlett. The only new Pear of proven outstanding merit. Price: 2-yr., L., 1-3, \$3.50 each; 4-20, \$3.25 each, postpaid.

BEURRE BOSCH. A delicacy in Pears. Large, yellow, flesh white, rich and delicious. Very popular early winter Pear. October-January.

CLAPP'S FAVORITE. A large, fine Pear resembling Bartlett; pale lemon-yellow with brown dots of fine texture. Melting, buttery, juicy and delicate flavor. Trees hardy and productive. August and September.

GORHAM. Fruit resembles Bartlett in size, color and shape. Excellent flavor. Two weeks later than Bartlett. Mid-October.

KIEFFER. Large, golden yellow. October-January.

SECKEL. Small, yellow, red cheek, juicy, excellent for pickling. Mid-September.

SHELDON. Large; sweet, yellow and green. Early October.

Bartlett, Beurre Bosch, Clapp's Favorite, Gorham and Sheldon will cross pollinate each other. Bartlett and Seckel will not and should not be planted together.

NEW SEEDLESS PEAR

No Seeds
No Core

A new fruit sensation. New discovery in a seedless and coreless Pear. Resembles Bartlett in many ways, including its color. Ripens 10 days after Bartlett. Keeps well in storage and ripens evenly. Price: 2-yr., 5-6 ft., \$2.50 each, not postpaid.

Self-fruitful group includes Fellenberg, Stanley, Reine Claude, Yellow Egg and Shropshire Damson.

Self-unfruitful group that requires cross pollination includes Bradshaw, Imperial Gage and Lombard. These three, however, when planted together will pollinate each other.

JAPANESE VARIETIES

✓ **ABUNDANCE.** One of the best Japan Plums. Tree grows rapidly, is healthy, comes into bearing remarkably young and yields abundantly. Fruit medium size, amber with markings of red; juicy, sweet. August.

✓ **BURBANK.** Large, round, red variety, full crop every year. Trees bear heavily, often need thinning. Tasty, yellow flesh; fine, firm texture. Early August.

They are self-unfruitful and two varieties such as Abundance and Burbank are best planted together to assure a crop. Japanese varieties, since they bloom earlier, are not suited as pollinators for European varieties.

New HOWARD'S MIRACLE PLUM

(Patented)

The fruit averages 2½ in. in diameter. Flavor similar to Nectarine, Peach and Plum mixed. Delicious in preserves. Fruit ripens July and August. May be grown in small garden. Does not need pollenization; exceptionally hardy. **Price: 4-6 ft., \$2.50 each; 2 for \$4.50, postpaid.**

Howard's Miracle Plum

EUROPEAN VARIETIES

✓ **BRADSHAW.** Very large and fine early Plum, dark violet-red, juicy and good. Very productive. Valuable for market. Late August.

✓ **FELLENBERG PRUNE.** (Italian.) The most popular commercial Prune. Valuable for dessert, for market and drying or preserving. Fruit large, dark purple with blue bloom, oval, pointed and tapering. Flesh is juicy and delicious, separating freely from the stone. Late September.

✓ **IMPERIAL GAGE.** Large, greenish. Middle of August.

✓ **LOMBARD.** Handsome reddish Plum. Flesh yellow, juicy, pleasant. An excellent variety and can be relied upon for a crop when other varieties fail. Late September.

✓ **SHROPSHIRE DAMSON.** Productive, dark purple. Early October.

✓ **STANLEY PRUNE.** (New.) Introduced by New York Experimental Station. Large, prune-shaped; dark blue becoming bluish black. Flesh greenish yellow, juicy, fine grained, sweet. Freestone. Mid-September.

Hale-
Haven

ELBERTA

Best commercial money-making variety. Fifty per cent of all Peaches planted are Elberta. It has proven its ability to adapt itself to varied climatic and soil conditions. Tree hardy, disease resistant, very thrifty and productive. Fruit large, oval, yellow and red cheek. Flesh yellow, firm, juicy, of high quality. Splendid shipper and keeper. Mid-September. Freestone.

- **BELLE OF GEORGIA.** Large, white, red cheek. Late July. Freestone.
- **CARMAN.** Creamy white, deep blush. Flesh tender and juicy. Best white Peach. Freestone.
- **CRAWFORD EARLY.** This vigorous and productive variety has deep yellow flesh with red at the pit, fine flavor. Matures midseason. Freestone.
- **EARLY ELBERTA.** Large yellow, good quality, similar to Elberta. Valuable because it ripens about 10 days earlier. Freestone. Early September.
- **J. H. HALE.** Always popular. Makes a fine back-yard variety. Large, yellow overlaid with carmine. Flesh yellow, fine grained. Late August. Freestone.
- **JERSEYLAND.** Very early, ripening about five weeks before Elberta. Fruits medium size, round; skin solid red; flesh yellow, usually free when ripe; firm.

➤ **REDHAVEN.** Redhaven has the famous flavor bred into South Haven and Hale-Haven. It's a hardy variety and a big yielder. Excellent garden variety. Earliest yellow freestone. Mid-August.

➤ **ROCHESTER.** Good sized yellow. Mid-July. Excellent for roadside stands for it cans well. Freestone.

➤ **SOUTH HAVEN.** This variety is increasing in popularity. Golden yellow with red blush, juicy and deliciously sweet. Late September. Freestone.

➤ **VEDETTE.** Ripens a few days before Valiant. It was obtained from an Elberta seed. The tree is productive and the fruit is large, roundish, oval, yellow fleshed. Some classify it as superior to its parent, not only in quality but color as well. August. Freestone.

Elberta

CHERRIES

BIG Cropper Varieties

*Maloney's Trees
Bear Young and
Every Year*

Great Montmorency

Sour. The best and largest Sour Cherry grown for market and canning. A Montmorency Cherry orchard is a good investment. Canning factories use hundreds of tons yearly. Our marvelous strain is resistant to **Yellow Leaf**. Fruit dark red, very firm, fine flavor, regular bearer of enormous crops, ships well and brings highest price of all Sour Cherries. Excellent for pies. Mid-July. Decorative in the lawn.

1-YR. MONTMORENCY CHERRIES
ARE VIRUS FREE

Early Richmond

(English Pie Cherry)

A well known and old standard variety. Fruit clear, bright red, of medium size, acid, rich, and one of the best for canning and for pies. Bears in June. (1-year only.)

English Morello

Small round headed tree, large dark red fruit. Good quality, excellent for pies. July.

Montmorency—The Leading Sour Cherry

Maloney's Cherries are Preferred Varieties

BLACK TARTARIAN

Very large, bright purplish black, tender, juicy, very rich. Tree remarkably vigorous and erect grower, and an immense bearer. One of the most popular varieties in all parts of the country. Late June.

All Sweet Cherries are self-unfruitful, that is they will not set fruit with their own pollen but have to be pollinated by another Sweet Cherry variety. The exceptions are Bing, Emperor Francis, Lambert and Napoleon. These will not cross pollinate each other but require another pollinator such as the variety Giant.

Prices of Sweet Cherry Trees (Except as noted)

WINDSOR

(Sweet.) Exceptionally large, juicy, firm; flesh pinkish, sometimes streaked. Good quality, excellent bearer. Tree rapid grower, vigorous, upright. Fruit popular for its large size and dark color; almost black. Best commercial variety. Late July.

GIANT. New. Large, black, keeps well. Mid-July.

Other Leading Sweet Cherries

- EMPEROR FRANCIS. One of the newer Cherries of Napoleon type but better in quality. Fruits are similar but become redder and darker. Early July.
- BING. Fruit very large, black, highest quality. Early July.
- HEDELFINGEN. A vigorous tree bearing fruit black in color, of high quality and firm flesh. It is a late bearer, fruit ripens just ahead of Windsor. The fruit is more resistant to cracking than most other black Sweet Cherries. 1-yr. only.
- LAMBERT. Large, dark purple. Firm, rich and juicy. Produces a large crop each year. Late July.
- SCHMIDT'S BIGARREAU. The fruit is of very large size, of deep mahogany color. Flesh dark, tender, very juicy, with a fine rich flavor. One of the best for sauce. Mid-July.
- SWEET SEPTEMBER. The fruits are an attractive medium dark red, similar to the Windsor, deliciously sweet; excellent for eating fresh or canning. Ripens about September 1st. Buds on tree about 3 weeks after ripening. Price: 2-yr., 5-6 ft., \$3.00 each; 5 for \$14.25. 2-yr., 4-5 ft., \$2.50 each; 5 for \$11.75, postpaid.

NAPOLEON (Royal Ann)

(Sweet.) Fruit is large, light amber over-toned with red—used for canning and maraschino purposes. Enormous crops. Early July.

Napoleon (Royal Ann)

Maloney's Apples

New
Monroe

NEW MONROE

Monroe is the newest Apple introduction (1950) of the New York Agricultural Experiment Station, Geneva, N. Y. It resulted from a cross between Jonathan and Rome Beauty. It is a late-keeping, high quality Apple. Monroe should be comparable to Rome Beauty in production. Price: 2-yr., large, 5-6 ft., \$2.50 each; 3 for \$6.50; 10 for \$19.95, postpaid.

Maloney's Apples Are All True-to-Name

All of the Apple varieties propagated and now growing in Maloney Brothers Nursery, Dansville, New York, have been examined by the Massachusetts Trueness-to-Name Inspection Service. To the best of our knowledge, these trees are true-to-name as they now stand in the nursery row. A. P. FRENCH.

Rogers
Red McIntosh

ROGERS RED McINTOSH

Solid red McIntosh, classed as one of the most valuable new fruit introductions in years. Annual bearer. Fruit is the same size as the common McIntosh, but it is not striped. Flesh white, fine grained, very tender, juicy and refreshing. Better quality than common McIntosh and hangs better on tree. October-January.

YELLOW TRANSPARENT

Tree grows upright, hardy, early bearer. Fruit good size. Skin clear, white to pale yellow in color. Flavor very good. Is an excellent cooking Apple, known to the housewife everywhere. Early August.

Yellow Transparent

RED NORTHERN SPY

Red Spy is typical Northern Spy Apple, excellent in color. The Red Spy colors a solid bright red without either stripes or splashes. Very popular winter variety. December-March.

CORTLAND

Beautiful red Apple, larger than McIntosh. Matures a month later. Excellent quality. Keeps late in winter and can be handled and shipped like the hardiest market varieties. Fine for culinary purposes. November-April.

SUMMER VARIETIES

- **EARLY McINTOSH.** For home orchard or commercial use, this is the ideal variety to plant. Tree vigorous grower. It is an annual bearer. Fruit same size, quality and flavor as McIntosh Red. Late August.
- **LODI.** Yellow fruit. Large, vigorous. Mid-August.
- **RED ASTRACHAN.** A good bearer, fruit handsome, large, round, covered with deep crimson. Flesh juicy and tender. Good summer Apple. Early August.
- **YELLOW TRANSPARENT.** Tree grows upright, hardy, early bearer. Fruit good size, skin clear, white to pale yellow in color; flavor very good. Is an excellent cooking Apple known to the housewife everywhere. Early August.

AUTUMN VARIETIES

- **POUND SWEET.** (Pumpkin Sweet.) Large yellow, russet Apple. Very sweet. Late September.
- **RED GRAVENSTEIN.** A new red sport. Differs from the old Gravenstein only in the solid dark red color of the fruit. Early September.

ADDITIONAL WINTER VARIETIES

- **NEW GALBRAITH BALDWIN.** Very attractive. The Apples same as regular Baldwin except in color. It is an over-all red which may vary from dark to bright.
- **BALDWIN.** Large, red, crisp, juicy. Good eating and cooking Apple. Tree vigorous and productive. December-March.
- **DOUBLE RED DELICIOUS.** Solid lustrous red without stripes. Fine grained flesh of excellent quality and flavor. Annual bearer. One of the most highly prized winter eating Apples. Everyone should have a few trees of this variety. November-April.
- **GALLIA BEAUTY.** Solid red, high quality. December-May.
- **JONATHAN DARK RED.** For eating fresh, dried, cooked, baked. Skin is rich red all over, long before ripe. A quick seller. Keeps all winter in storage. Jonathan trees bear young and always produce a full and profitable crop. Preferred long-distance shipper. Better quality than common Jonathan. November-March.
- **MACOUN.** Dark red; white-fleshed; rich flavor. October-March.
- **McINTOSH RED.** Valuable, hardy, attractive Apple; good size, nearly covered with red. Flesh white, fine, very tender and refreshing. A good annual bearer, comes into fruiting early. Yields large crops. October-January.
- **MILTON.** McIntosh-like but ripens a month before McIntosh. Fruits pinkish red with heavy bloom; flesh white, tender, crisp, juicy and of McIntosh flavor and aroma. September-October.
- **NORTHERN SPY.** Hardy, large red striped. Flesh juicy, crisp, tender. Tree healthy, strong grower. December-March.
- **RED ROME.** Rapidly becoming a leading commercial variety, having the same shape and texture with equal or better quality than Rome Beauty. December-March.
- **R. I. GREENING.** Fruit large and handsome, smooth, dark green overspread with yellow. More highly prized for cooking than any other Apple. Excellent keeper; tree very heavy yielder. December-May.
- **ROME BEAUTY.** Large, round, red striped. December-March.
- **ROX RUSSET.** Greenish to yellowish brown-russet with bronze blush. December-May.
- **STAYMAN RED.** Solid red without stripes. Does not crack at stem; crisp and juicy. Will not scald in storage. December-April.
- **TWENTY OUNCE.** Very large, yellow striped red, fine quality, good keeper. October-January.
- **YELLOW DELICIOUS.** This predominantly golden colored Apple supersedes all others for appetite appeal. It has the same unique form as the Red Delicious and is a favorite with home gardeners as well as the commercially minded grower. Juicy and fine quality. October-April.
- **WEALTHY.** Red, flesh white, sub-acid. October-January.

3-yr., fruiting age, 75c each; 2 for \$1.45, postpaid.

Hansen's Bush Cherries

Our
69th
Year

"BLOSSOMS BY THE DOZEN"

Lancaster, Pa.,
Jan. 8, 1952.

Gentlemen:

On October, 1950, we purchased two dwarf Apple Trees, one yellow and one red Delicious.

Both to our own and our neighbors' surprise the following spring the Yellow Delicious had a total of 92 blossoms. On the advice of one of the neighbors we removed all the blossoms but three, feeling it would take too much strength from such a small tree. Again to our surprise we enjoyed three very DELICIOUS Apples.

HARVEY P. SMITH.

BEACH PLUM

Fine Fruitful and Decorative Shrub

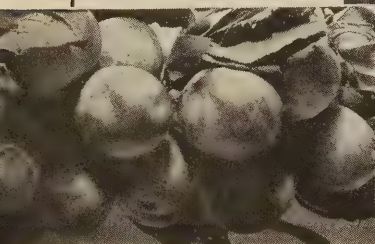

Lovely white or pale pink flowers in late June; this irregular shape shrub grows 8 feet tall, bearing purple fruit in September which makes an excellent jelly of unique flavor.

Good for dry soil, also at the seashore.

Price: Large 2 to 3 ft., \$2.25 each, postpaid.

Beach Plum

We Suggest You Plant and Grow These Special Delicacies This Spring
A Small Space Will Take Care of All Items Listed Here

Red Lake Currants

Planting Rhubarb and Asparagus

RHUBARB: Plant Rhubarb 3 feet apart in rich garden soil, with bud or eye 1 inch below the surface of the soil.

ASPARAGUS: Set Asparagus 1 foot apart in rich soil. Plant in a furrow 9 inches deep. Cover with 3 inches of soil and tramp down. When cultivating work soil at edge of furrow toward plants so that by midsummer the ground is level. DO NOT cover plants over 3 inches deep at first or they will be smothered.

Planting Currants and Gooseberries

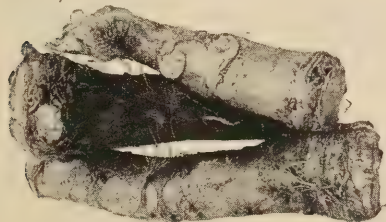

These plants are ideal for cool, moist sections of your property. They should be set 2 or 3 inches deeper than they grew in the nursery. After the fruit is gathered, cut off at the base and burn all shoots which are 3 years old, leaving 2 or 3 stems of the 1- and 2-year wood on the plant. Spray the plant with Arsenate of Lead (poisonous) in the early spring and dust with Hellebore when the fruit is nearly ripe, to prevent the worms from stripping the plants of their leaves.

GOOSEBERRIES

Price: 2-yr., No. 1, strong bushes, 90c each; 10 for \$8.00, postpaid.

✓ **DOWNING.** Fine quality, vigorous growth, and free from mildew. Large green. July.

✓ **POORMAN.** Large, healthy, vigorous. Fruit red and very attractive. Excellent for heavy soils. July.

CURRANTS

Wonderful for Jells and Jams

- | | | |
|--------------------------|--------|--------|
| | 1-9 | 10-49 |
| ✓ 2-yr., No. 1, postpaid | \$0.70 | \$0.55 |
- ✓ **WILDER.** Upright, vigorous; clusters above medium length; berries large to very large; bright red with mild sub-acid flavor. Ripens early and remains bright and firm until very late. Early July.
- ✓ **RED LAKE.** Finest of all red Currants. The berry is usually large in size and of superior quality, clear light red. It ripens early mid-season, but holds on over a long period. Early July.

RHUBARB for Pies

MacDONALD. The new all red, tender Rhubarb from MacDonald College in Quebec. Its large sized, early fruit is easily adaptable for pies, desserts, and preserves in combination with other fruits. Price: 75c each; 3 for \$2.00; 10 for \$6.00, postpaid.

CANADA RED RHUBARB. This excellent variety, the reddest of all red Rhubarb has large, tender, juicy stalks that are rich red all the way to the heart and even to the mid-ribs in the leaves. Skin is so tender you need not peel it. Plant now and have Rhubarb this year. Price: 2-yr. select roots, 75c each; 3 for \$2.00, postpaid.

STRAWBERRY RHUBARB. This well-established variety produces a great number of stalks, and is a strong grower. Has been a favorite for many years since it is especially adapted for home use. You will like its deep color and excellent flavor. Price: 75c each; 3 for \$2.00; 10 for \$6.00, postpaid.

Rhubarb

ASPARAGUS *Rust-Resistant*

Free RA-PID-GRO

With every \$5.00 or more order of Nursery stock we will send you a free package of Ra-pid-gro which makes 22 lbs. of liquid plant food. Use your free package on your new order.

Know How to Plant and Prune READ CAREFULLY

Planting Instructions

Nursery stock, the same as farm seeds or flower seeds, responds readily to well prepared fertile soil. You would not expect to get results by planting corn, potatoes or flower seeds in sod. Prepare your soil for nursery stock the same as you would for any other farm or garden product.

Prepare the soil by deep spading or plowing. Have it mellow and well fertilized. (Never put fertilizer of any kind so that it comes in direct contact with the roots of the tree or plant. Except Ra-Pid-Gro—see catalog page 36.)

SHADE TREES

PLANTING: Dig a hole, large enough to accommodate the roots without crowding. The hole should be a little deeper than is necessary to plant the tree as deep as it was in the nursery row. Spread the roots out in a natural position. Then fill in with some of the fine top soil, work the soil in well around the roots to avoid air pockets. Press or tramp earth firmly; use your feet—pack earth quite solid. Now fill the hole half full of additional soil. Slowly pour on water to thoroughly wet soil. Let settle, then fill with earth, pressing the earth down firmly around the tree or plant. Cover depression caused by trampling around tree or plant with the rest of the soil, leaving loose to absorb moisture.

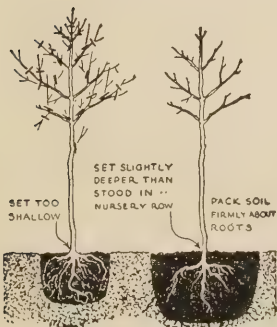

Staking. If the tree is less than 3 inches in caliper, use a single stake, several inches away from the trunk and attach it to tree with twine or strips of old cloth. For trees over 3 inches, it is best to guy the tree with wire in three directions using lengths of rubber hose to prevent injury to the bark.

Pruning. If there are two leaders or main upright branches, cut off the poorer one as completely as the shape of the tree will permit, removing it entirely if possible. In future years remove dead or broken branches and thin out those that do not conform to the general shape of the tree.

FRUIT TREES

Planting. Follow the same instructions as advised for shade trees.

— Pruning Instructions — For Fruit Trees

All roots and tops should be pruned before planting. When properly pruned, tree should not have more than 3 or 4 branches.

Illustration shows the correct way of pruning both roots and tops.

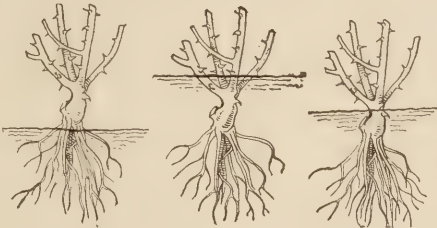

Fruit trees planted in the fall need not have the tops permanently trimmed until the following spring, after danger of hard freezing is past and before the buds start.

Grapes (See Page 43)

Work the soil thoroughly before planting Grapes, and dig the hole broad and deep (several inches deeper than enough to receive the roots). Plant just above the second bud. Fill up the hole to the right depth with rich soil, and firm the earth well about the roots, as the hole is back-filled.

Pruning. The fruit of the Grape is produced on the current year's growth of canes. These canes should be pruned each winter so that only one of the buds remain on each stub. The young plant is trained to one shoot until it reaches the top of the trellis, to which it is tied. Two canes are allowed to grow from the top the second year, forming a framework for the succeeding growth. Remove all growth that starts on the main trunk as soon as it appears. The third year the cross-arms are pruned back to six or eight buds. These produce the bearing shoots.

ROSES

Planting. Roses are heavy feeders and require a rich loam to produce their best. In preparing the bed, dig up the ground to a depth of 18-24 inches and replace about one-third of the bulk of the soil with well-rotted cow manure or other forms of organic matter. If the remainder of the soil is poor, replacing it with a good quality top soil would prove to be highly beneficial.

Dig a hole in the bed large enough to receive all the roots without crowding, and set the plant as shown in the illustration. Then follow same procedure as advised for shrubs. Roses should be planted 12-15 inches apart according to their size.

Pruning. Roses planted in the fall should be cut back about one-half their length. When planted in the spring, just two or three stems with four or five buds on each, should be left.

Winter Protection. Hybrid Tea and Tea Roses should be protected in the winter by hilling up the earth around the stem in the fall. To protect against heaving, which results from alternate freezing and thawing, cover the mound with leaves and evergreen boughs when the ground is frozen.

Rhubarb	2 years	3 ft.	
Horseradish	2 years	6-8 in.	

EVERGREENS

Planting. Remove burlap from moss-balled Evergreens and plant the same way as shrubs. The moss can be placed around the roots to provide a source of organic matter and to retain moisture.

Evergreens with a ball of earth can be planted without removing the burlap. However, the string should be cut and the burlap pulled back on top. (The burlap helps to anchor the plant and soon rots away.) Evergreens should be planted approximately 1 inch deeper than they were in the nursery (you can tell by soil line on the stem). Hole should be at least 6 inches wider than ball circumference.

Landscaping

LET US HELP YOU PLAN

Plan to spend extra time this spring and summer modernizing your present garden planting. Many are digging up overgrown shrubs and plants, and replacing with fresh, full-of-life, ready-to-bloom, new and better varieties. We will gladly help plan your garden. Read the instructions below.

If you purchase your stock from Maloney's, our charge for developing a scientifically planned landscape design will cost you only a few dollars. Hundreds of our customers use this service for the nominal charge indicated below.

It's free. You may deduct cost of plan when ordering as per the price schedule below. Actually plan costs nothing when you order. We will make a plan according to your specification. Providing you purchase not less than 75% of the material listed, you may deduct the cost of the plan.

Quercifolia)

An unusual
shrub with foliage
resembling oak
leaves, very attrac-
tive all season but
especially so in the
fall when it colors
a rich crimson.
Pinkish flowers in
June turning to
purple. Hardy and
will grow in sun or
partial shade. Ma-
turity height 6-8
ft. **Price: 15-18
in., \$1.25 each,
postpaid.**

Oak-Leaf Hydrangea

PROPER PLANTING

Planting. Shrub beds should be well prepared for best results. The soil should be "worked" thoroughly, organic matter incor-
porated, and all poor soil replaced with top soil.

Dig the hole large enough to receive all the roots without crowd-
ing—at least 6 inches wider than actual root spread. After setting
the plant in the hole fill with fine soil to 2/3 depth and tamp
firmly about the roots. Then fill the remainder of the hole with
water and allow to soak in. Upon settling, back-fill with more fine
top soil which will serve as a loose mulch to conserve moisture.

Pruning. When planted, shrubs should be pruned back one-
third. In later years they should be pruned to prevent them from
growing out of bounds. The over-crowded and dead branches
should also be removed then.

PRUNING

Shrubs to be pruned directly after flowering: (Those blooming
on last year's wood.)

BUFFALO SALES YARD

Visitors are welcome at all times to browse around our Buffalo Sales Yard located at Sheridan Drive and Parkhurst. You will find something of in-
terest and in this way become acquainted with the kind of plant material to use in the beautification of your home grounds. Of course, the same in-
vitation applies to our Dansville Plant.

BLACKBERRIES

*for Home Garden
Berry Patch*

Planting Blackberries and Raspberries

BLACKBERRIES and RASPBERRIES: For field cultivation set Blackberries 3 feet apart in rows 7 feet apart. Set Raspberries 3 feet apart in rows 6 feet apart. For garden cultivation the plants may be more closely spaced. After planting, cut branches back to within a few inches of the ground.

THORNLESS YOUNGBERRY

**A Dark Wine Color Red
Excellent for Jams**

Price: 2-yr., extra large, No. 1 plants, 3 for \$1.65; 6 for \$2.70; 10 for \$3.50; 25 for \$6.75, postpaid.

It's thornless, hardy. Ripens early. Bears heavily and most delicious flavor. Ripens two weeks before Thornless Boysenberry. The fruit of this berry is large, a handsome dark wine-red color, sweet, deliciously flavored and practically seedless.

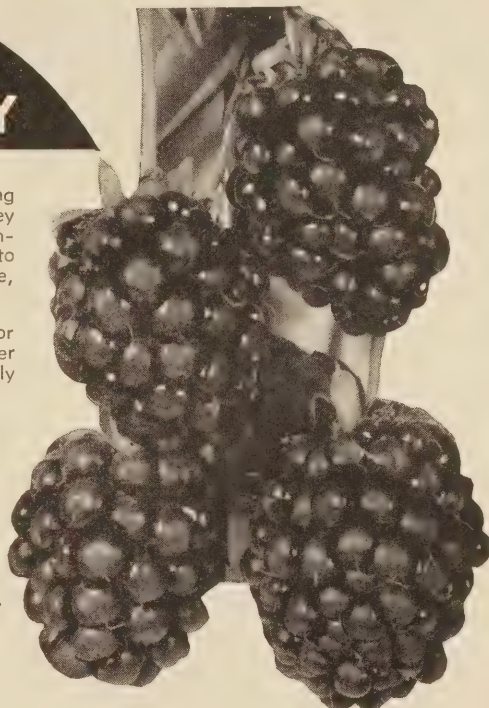

THORNLESS BOYSENBERRY

The vines are absolutely thornless, making the cultivation of same and picking easy. They can be trained to a trellis or wire. A tremendous bearer of immense berries often 1½ to 2 inches long, of the highest quality, large, delicious, juicy fruit.

No matter whether used fresh or canned, or in pies or jelly, it stands supreme. No other berry has ever been received so enthusiastically or planted so widely. Late July.

With some protection where the thermometer drops more than 10 degrees below zero, they can be grown almost anywhere other berries can be successfully grown.

Price: 2-yr., extra large, No. 1 plants, 3 for \$1.65; 6 for \$2.70; 10 for \$3.50; 25 for \$6.75, postpaid.

DEWBERRIES

Plant the Popular LUCRETIA

Excellent for canning. Of the Blackberry type, but produced on a trailing vine instead of upright bush. Berries extra large, long, glistening black. Attractive, firm, good quality. Plants are disease resistant. Yields large profits when grown commercially. Early July.

Price: 2-yr., extra large, No. 1 plants, 3 for 90c; 6 for \$1.50; 10 for \$2.00; 25 for \$3.75, postpaid.

New
Ebony
King

SWEET BLACKBERRIES

**Blackberries are Delicious When Picked or
When Frozen or Canned**

NEW EBONY KING BLACKBERRY

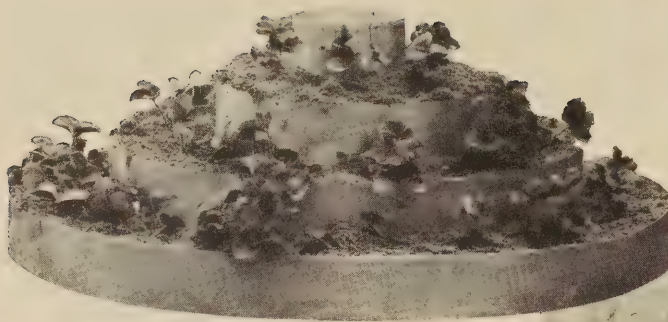

The EBONY KING Blackberry is of the upright type. Its fruit is large and ripens uniformly. Its ripening period is about two weeks earlier than Eldorado.

The berries are borne in very large clusters and have a very sweet true Blackberry flavor. This variety is very vigorous, hardy and also appears to be blight resistant.

Price: 1 yr., No. 1 selected rooted cuttings, 6 for \$1.95; 12 for \$3.75; 25 for \$7.25; 50 for \$13.50; 100 for \$21.50; 250 for \$46.50, postpaid. 500 for \$87.50, not postpaid.

✓ **ELDORADO.** Our most popular variety. The sparkling jet-black berries are very large, sweet and delicious, and practically coreless. The plant is extremely hardy and vigorous, and a regular heavy bearer. August. **Price:** 1-yr., No. 1 selected, rooted cuttings, 25 for \$4.50; 50 for \$7.50; 100 for \$12.00; 250 for \$25.00, postpaid. 500 for \$40.00, not postpaid.

✓ **HEDRICK.** New. The Hedrick is a variety from the New York State Agricultural Experiment Station. The berries are large, being somewhat later than Eldorado, moderately firm, without core and of good quality. The flavor of Hedrick is pleasantly acid until dead ripe when it is sub-acid. The plants are vigorous and productive. **Price:** 1-yr., No. 1, selected rooted cuttings, 25 for \$7.25; 50 for \$13.50; 100 for \$21.50; 250 for \$46.50, postpaid. 500 for \$87.50, not postpaid.

Something New PYRAMIDAL STRAWBERRY GARDEN FOR LIMITED SPACE

Everbearing Strawberry Plants Will Bear July Until Frost

Abundant, continuous full season production made possible with fertilizer applied and ample moisture supplied the Pyramid Garden Way. Pyramid Garden is 4½ ft. diameter and holds 25 plants. One-third as much space required for Pyramid Gardening as in conventional gardening. Also used for Perennials, small Roses and Flowers of all kinds. **Price: Pyramid Garden complete with 25 Superfection Strawberry plants, \$9.95, post-paid (soil and fertilizer not included).**

Simple instructions with each bed. Easy to water. Pour water with bucket into center collar or use garden hose. Water travels through sand to all roots of plants. Additional soluble fertilizer can be added to water.

Grow More Berries in One-Third the Space.

Now You Can Grow Mushrooms at Home

**Easy to Grow in Your Basement
No Odor at All
Pasteurized Compost**

Maloney "MAGIC" MUSHROOM TRAYS

Easy to grow in your basement or storage cellar.

No odor at all. No smelly fertilizer needed.

You know they are safe. Specially processed, pasteurized compost. You can be sure that nothing except fine edible mushrooms will grow in these trays. **It's easy** with these Maloney "Magic" Mushroom Trays. These handy trays are pre-planted mushroom beds set in portable wooden flats, all ready to grow. Just put the mushroom trays in your storage cellar or basement—and **water them.** Watch for tasty mushrooms in 2 to 3 weeks. You'll continue to have delicious mushrooms for 2 to 4 months. Ready to pick and use whenever you want them.

NO SHIPMENTS MADE AFTER APRIL 15th

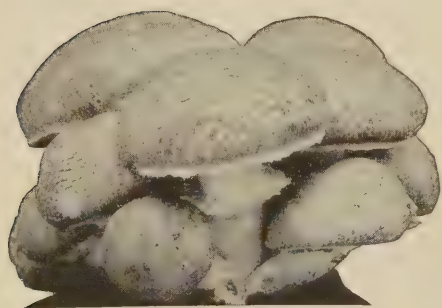

Orders for Maloney "Magic" Mushroom Trays are filled starting October 15th and continuing until April 15th. Mushrooms do not produce well when shipped or grown in warm weather. **Men with years of experience** grow mushrooms this way for wholesale markets. Now you can grow them in your own home. Four "Magic" Trays frequently yield a bushel or more of mushrooms. Fine, tender, delicious. **Mushrooms grow best in temperatures ranging between 52 and 65 degrees.** Complete instructions for growing mushrooms sent with every order.

Prices: shipped to you by express (not prepaid) from our grower in Ohio:

3 "Magic" Trays	\$4.50	} Not Postpaid
6 "Magic" Trays	7.50	

Each tray measures 14x17 inches in size. The shipping weight is 25 pounds per tray.

Save your money by buying as many Maloney "Magic" mushroom trays as possible. You can divide the trays with your neighbors. Combine your order with your friends. You will pay less per tray and express charges per tray will also be much less in larger quantities.

*Blueberries
Make a
Splendid
Hedge*

Giant

Cultivated Blueberries

Blueberry Plants

Blueberries will grow in any good garden soil. A well-drained sandy loam, acid soil is best. Muck soil may be used if it is acid and properly drained. Good air circulation is important. Common sulphur and peat moss will make soil acid.

Set the plants 4 by 10 feet apart. Cultivate once a week. Do not fertilize until plants have been set a year or more. Use Ra-Pid-Gro fertilizer or any reliable fertilizer, following directions.

Prune plants when dormant in early spring, starting the fourth year. Remove one or two old canes each year, and lightly thin out the tons in remaining old canes. Thinning increases size of fruit. Plants in garden may be watered once a week during dry weather.

NOTHING FINER FOR THE GARDEN

Early bearing—heavy yielding—wonderful for pies—excellent for freezing.

POLLENIZATION

Good productiveness is assured by planting two or more different varieties for proper pollenization.

We recommend using 1 oz. of aluminum sulphate to a gallon of water for each bush. Also, 2 lbs. of peat moss per plant.

- ✓ **CONCORD.** High bush, berries large, well flavored, and attractive in appearance. Midseason.
- ✓ **RANCOCAS.** Upright grower, vigorous, hardy; fruit very fine flavor. Fruit medium to large size. Sets very heavy crop of fruit buds. Midseason.
- ✓ **JERSEY.** Tall, nice shaped bush of attractive appearance. A good producer. Berries are large and of good quality. Late.
- ✓ **WEYMOUTH.** Plants seldom exceed 4 ft. in height and are a spreading type with dark green foliage. One of the earliest berries to ripen. Large berries with sub-acid flavor.

Maloney GRAPES

Prices (except as noted): 2-yr., No. 1, strong vines, 55c each; 3 for \$1.50; 10 for \$4.00; 25 for \$8.25; 50 for \$15.00, postpaid.

- ✓ **BRONX SEEDLESS.** Red. The best new red seedless Grape available with large, very long clusters. Berries are large, firm, crisp and entirely seedless, of excellent quality. Productive and vigorous, ripening the latter part of September. **Price: \$1.25 each; 3 for \$3.25, postpaid.**
- ✓ **DELAWARE.** Red. Bunches small, compact, delicious. Extremely popular. Early October.
- ✓ **CONCORD.** Best commercial Grape. Bunch and berry large, juicy and sweet. Productive, excellent for Grape juice. Late September. **Price: 55c each; 3 for \$1.50; 10 for \$4.00; 25 for \$8.25; 50 for \$15.00; 100 for \$25.00, postpaid.**
- ✓ **CONCORD SEEDLESS.** Same color, flavor and season as Concord but HAS NO SEEDS. Wonderful for desserts and pies. Late September. **Price: \$1.00 each; 3 for \$2.70, postpaid.**
- ✓ **GOLDEN MUSCAT.** Possesses a rich golden color and the fine Muscat aroma of European Muscat. Vine is vigorous, productive. The clusters are very large. The berries are large, oval, juicy, tender, sweet. Early October. **Price: \$1.00 each; 3 for \$2.70, postpaid.**
- ✓ **SENECA.** New. White. Outstanding. One of the best varieties for dessert. Berries large, flavor sweet and aromatic. Early September. **Price: \$1.00 each; 3 for \$2.70, postpaid.**
- ✓ **STEBEN GRAPE.** A new creation of the New York State Experimental Station. Huge, perfectly formed, long, slender clusters of blue Grapes are produced on extremely hardy vines. The fruit is of outstanding quality, is tender and sweet and has a delicate perfume-like flavor. Ripens a few days before Concord but keeps well until Christmas. No spraying necessary, it has been found to be free from rot and mildew. **Price: \$1.25 each; 3 for \$3.50, postpaid.**

NEW INTERLAKEN SEEDLESS

A delicious new seedless Grape developed by the N. Y. State Experiment Station (California Thompson Seedless crossed with Ontario). Rich golden yellow in color. The solid, sweet, crisp flesh adheres to the skin (like California Grapes). Clusters and berries are medium in size; the quality is beyond description. Vigorous, free from disease, hardy to 15 below zero, and ripens a full month ahead of Concord. **Price: \$1.75 each; 2 for \$3.50, postpaid.**

NIAGARA

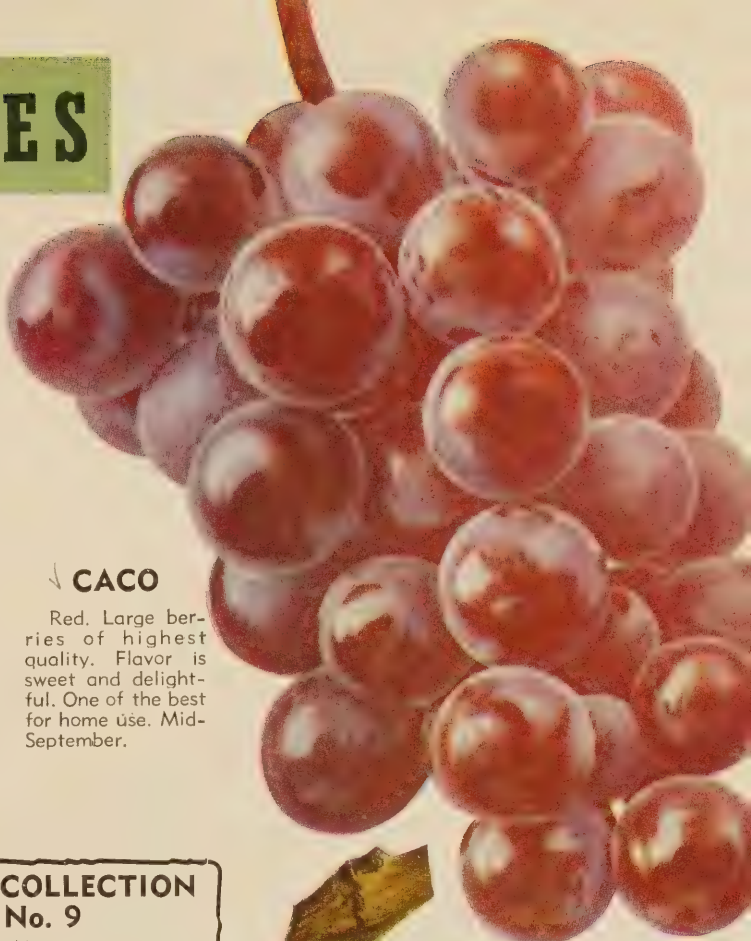

White. Occupies same position among white varieties as Concord among black; bunch and berries large, greenish white, changing to pale yellow when fully ripe. Late September.

FREDONIA

New. The leading early black Grape. Plant is a strong, healthy grower; good clusters; berries large and juicy. Early September.

✶ **HOW TO ORDER—See Page 10**

[43]

Maloney's Excellent Bush Fruits

↘ LATHAM

An all-purpose Raspberry. By far the most popular commercial and home garden variety. Red. Large, round, richly brilliant red. A superb success in quality, production and profits. Fruit clings to stem several days after fully ripe. Early July.

↘ MILTON

New. A late variety for market and home use. The berries are large, an attractive, bright red, firm and it ripens 2 or 3 days later than Taylor and Latham. The plants are vigorous, productive and hardy. Escapes mosaic. Price, postpaid: 10 for \$2.75; 25 for \$5.25; 50 for \$9.00; 100 for \$16.00; 250 for \$34.00. Not postpaid, 500 for \$52.00; 1000 for \$89.00.

↘ NEWBURGH

Attractive bright red. Fruit very large, firm and does not crumble. Plants vigorous, hardy and practically mosaic free. A splendid home and market variety. Early July.

↘ ST. REGIS

Red everbearing. One of the best. Berries are very large. Will supply the table with delicious fruit throughout summer. Starts bearing mid-June and continues until frost.

↘ TAYLOR

New Red Raspberry from New York Experiment Station. Long, conical shape; firm, thick flesh, flavor excellent. Larger than Latham and one of the heaviest bearers we have ever seen. Very early July.

Raspberry Prices

Prices of all varieties (except as noted): 1-yr., No. 1 select plants, 10 for \$2.75; 25 for \$4.95; 50 for \$8.50; 100 for \$14.95; 250 for \$30.95, postpaid. 500 for \$48.85; 1000 for \$85.00, not postpaid.

COLUMBIAN

Purple. Very large, somewhat conical, rich, juicy; seeds small, bears large crops. Mid-July.

CUMBERLAND

Black. Berries large, firm, glossy and unsurpassed in quality. Early July. Price: 10 for \$2.35; 25 for \$4.25; 50 for \$6.95; 100 for \$11.95; 250 for \$25.95, postpaid. 500 for \$40.25; 1000 for \$70.00, not postpaid.

INDIAN SUMMER

The wonderful everbearing Red Raspberry. Crop twice a year. Thanks to the New York Experiment Station, here's a berry that is forging ahead in leadership, has very small seeds. Season early July through to mid-October. Berries large, roundish, conic, slightly irregular, good in quality. Heavy yielder. Escapes mosaic.

Maloney's Red Rich

**New! Thrilling! Different!
Everbearing!**

THE WONDER STRAWBERRY

(Patent No. 983.) The finest Strawberry ever introduced. Red Rich has luscious eating qualities (very sweet). It is dark red and the fruit and appearance of the plant are very similar to Fairfax. The RED RICH is the strongest growing plant we have ever seen, are thrifty growing and disease resistant. **Price: 25 for \$5.00; 50 for \$8.50; 100 for \$15.00; 250 for \$32.50; 500 for \$55.00, postpaid.**

A Tribute To Our Berries

Farmington, Mich.

April 30, 1952

Gentlemen:

I received the Robinson Strawberry plants, also the 10 most wonderful Latham Red Raspberry plants and I thank you very much for them as I was late with my order. They arrived in wonderful shape, if they don't grow it won't be the fault of the nursery. Thank you again for the gift.

Mrs. A. W. Oliver

COLLECTION No. 11—STRAWBERRIES

25 Ambrosia

25 Superfection

50 for \$3.35, Postpaid

NEW ARMORE

Spring Bearing

A new variety released by the Missouri Experiment Station which has proven superior to standard varieties with which it has been compared in years of trials. Equal to Premier in quality and fruits over a long period. Excellent shipping and handling qualities. **Price: 25 for \$1.95; 50 for \$3.25; 100 for \$5.75; 250 for \$9.70; 500 for \$15.25; 1000 for \$24.50, postpaid.**

AMBROSIA—Late

One of the largest and latest Strawberries grown. Sparkling bright red berries, uniform in size and semi-pointed in shape. Good for every purpose. Ripen three weeks later than any other varieties. **Price: 10 for \$1.15; 50 for \$2.00; 100 for \$3.00; 250 for \$6.00; 500 for \$9.50; 1000 for \$16.00, postpaid.**

SPARKLE

High quality berry. Ripens a week later than Premier. Fairly large, bright red, smooth and firm, excellent for freezing. Plants are large and vigorous. **Price: 25 for \$1.15; 50 for \$2.00; 100 for \$3.00; 250 for \$6.00; 500 for \$9.50; 1000 for \$16.00, postpaid.**

STRAWBERRIES

↙ SUPERFECTION

New everbearing. Berries are very large, tend to be round in shape. They are deep red all the way through and honey-sweet in flavor. Berries are produced 90 days after planting first season and produce exceptionally heavy crops with hard freezing weather. A good plant maker and vigorous grower. **Price: 25 for \$2.40; 50 for \$4.35; 100 for \$7.00; 250 for \$14.00; 500 for \$21.90; 1000 for \$35.00, postpaid.**

↙ PREMIER

Perfectly flavored. It is smooth and large; its color is the commanding glossy red which sells on sight. Early. **Price: 25 for \$1.15; 50 for \$2.00; 100 for \$3.00; 250 for \$6.00; 500 for \$9.50; 1000 for \$16.00, postpaid.**

↙ ROBINSON

Scarlet-red color and unusual firmness. It is a vigorous grower. Mid-season. **Price: 25 for \$1.15; 50 for \$2.00; 100 for \$3.00; 250 for \$6.00; 500 for \$9.50; 1000 for \$16.00, postpaid.**

All Strawberries shipped postpaid or express prepaid and are sent separate from other stock.

New → *20th Century*

An outstanding everbearer, highly recommended by University Experiment Stations all over the country. It is a vigorous grower and an exceptionally heavy producer of bright red berries of fine texture and delightful taste. Bears fruit in 60 days. **Price: 25 for \$4.25; 50 for \$7.00; 100 for \$10.00; 250 for \$22.50, postpaid.**

← Vermilion (New)

Tested and highly recommended by experiment stations throughout the country. Ranks exceedingly high in quality and fruit production. Excellent for freezing. **Price: 25 for \$1.95; 50 for \$3.25; 100 for \$5.75; 250 for \$9.70; 500 for \$15.25; 1000 for \$24.50, postpaid.**

↓ Empire (New)

A vigorous grower developed by the Geneva Experiment Station in New York. Produces large attractive berries which hold their size very well during the season and are high in quality. **Price: 25 for \$1.95; 50 for \$3.25; 100 for \$5.75; 250 for \$9.70; 500 for \$15.25; 1000 for \$24.50, postpaid.**

MALONEY'S Dwarf Fruit Trees

Dwarf Apple

These trees are not new with us. Several years ago we started growing them from N. Y. State Experiment Station. We offered them for sale, the first of their kind sold in the United States. They are without question the "perfect" trees for the lawn or garden. Plant them so that the BUD UNION IS AT LEAST TWO INCHES ABOVE GROUND.

↙ DWARF APPLE

Price: 2-yr., large, 3-4 ft., \$3.25 each; 3 for \$9.00; 6 for \$16.50, postpaid. 2-yr., 2½-3 ft., \$2.75 each; 3 for \$7.50; 6 for \$13.50, postpaid.

FULL DWARF (Malling IX Root Stock): Bears fruit usually first year set. Height at maturity approximately 6 feet. Very popular for lawn and orchard. Plant 10-12 feet apart.

SEMI-DWARF (Malling I Root Stock). Sturdier tree than No. IX. Bears second year after planting. Approximately 10-12 feet at maturity. Plant 15 feet apart.

We can furnish the following varieties in either of the above types.

Cortland
Double Red Delicious
Early McIntosh
Lodi
Red Astrachan

Red Gravenstein
Rogers McIntosh
R. I. Greening
Red Rome

We can furnish the following varieties in semi-dwarf only:

Wealthy
Yellow Delicious

Yellow Transparent
Red Northern Spy

(For descriptions, see standard varieties).

↘ DWARF PEAR

Dwarf Pear trees are also a very valuable addition to any lawn or garden. Like the Apple, it is a low growing tree. Fruit is easily accessible from the ground and the fruit is large standard size. Approximately 15 feet at maturity. Plant 12 feet apart.

Price: 2-yr., large, 3-4 ft., \$3.25 each; 3 for \$9.00; 6 for \$16.50, postpaid. 2-yr., 2½-3 ft., \$2.75 each; 3 for \$7.50; 6 for \$13.50, postpaid.

Varieties: Bartlett, Clapp's Favorite, Duchess, Seckel. (For descriptions, see standard varieties).

↘ DWARF PLUM TREES

A new addition to our Dwarf Tree Line. Like its running mates, the Dwarf Apple and Pear, it is a dwarf tree excellent for the lawn where a small tree is required. The fruit is standard size. Height at maturity approximately 15 feet. Plant 12 feet apart.

Price: 2 yr., large, 3-4 ft., \$3.25 each; 3 for \$9.00; 6 for \$16.50, postpaid. 2-yr., 2½-3 ft., \$2.75 each; 3 for \$7.50; 6 for \$13.50, postpaid.

Varieties: Bradshaw, Burbank. (For descriptions, see standard varieties).
